

Christmas One and Christmas Two

Fires burning, Christmas glow
Keeping out the cold and snow
Lights are shining, twinkling bright
Starry, starry Christmas night.

Fires burning, in the afterglow
Can't keep out the cold and snow
Lights that shine, keep out of sight
Bullets fly through starry night.

Music playing, children sing
All are welcome, bring them in
Gifts aplenty fill the floor
Who could want for any more.

Music plays, can't here a thing
Many leaving since we went in
Gifts aplenty, bombs and more
Trust in us, we know the score.

Peace and love, world is sharing
Christmas love, people caring
Sun is shining, sky is clear
Voices raised you cannot hear

Peace and love? world is tearing
Where is love? world uncaring
Darkness hiding setting sun
Will we know what we have done?
